"El Che Guevara - La Biografia" has 328 pages and is in Spanish. This most commendable biography by one of Argentina's sharpest politics analysts, based on the deep knowledge of the Argentine socio-political background from which Che stemmed out, explains many of the guerrilla leader's attitudes and sheds a new light rekindling the hope that the Cuban people, throughout a process of gradual reforms, may regain its essential freedoms without sacrificing any of its achievements in the education, scientific research and social legislation fields.
