Neil Young From Art Blume, S.L.

(Book). From his debut with local bands in his native Canada to his 2014 album *A Letter Home*, Neil Young's career spans over 50 years of rock-music history. Through his time with the seminal West Coast band Buffalo Springfield, collaborations with Crosby, Stills & Nash, his solo years starting in the late 1960s, and subsequent tours and albums as a singer-songwriter, Young's work has uniquely reflected the shifting musical styles of five decades, including rock, punk, electro-pop, and the retro vision of Americana. Every aspect of Young's remarkable life is explored through exclusive interviews with fellow musicians, record producers, music journalists, film directors, and loyal fans. Among those featured are musicians Graham Nash, Nils Lofgren, and Richie Furay; filmmaker Jim Jarmusch; photographer Henry Diltz; and many more. Featuring a retrospective commentary on Neil Young's studio and live albums, a complete discography, and photographs and memorabilia from throughout his career, the book places Young's musical achievements within the context of his life an essential and timely celebration.

Review

Neil Young fans are unlikely to be disappointed --Louder Than War

You can proudly leave it out on the table in the living room to impress visitors with your obvious appreciation of The Icon Known As Neil Young --Blurt Magazine

Not only does he do an excellent job of covering and contextualizing Neil's early musical life, Kubernik has unearthed new history and re-introduced his readers to a musical icon that so many have come to know and love. --Journal of all Musical Things About the Author

Harvey Kubernik is a writer and music historian, with over 44 years' experience as a pop culture journalist. He is the author of six books, including *Turn Up the Radio! Rock, Pop, and Roll in Los Angeles 1956 - 1972* (2014), *Canyon of Dreams: The Magic and Music of Laurel Canyon* (2009), and *Leonard Cohen: Everybody Knows* (2014). He saw Buffalo Springfield perform live locally in 1966 and '67 and attended a rare Neil Young solo concert in Hollywood in 2014. He has interviewed many of the studio musicians, bandmates, record producers and engineers who have worked with Neil Young over the last half-century. He lives in America.
