Ecogear Grass Minnow L 3.25" Chartreuse Shiner From Ecogear

Ecogear Grass Minnow L 3.25" (8.2cm)

Ecogear Grass Minnow is one of the most well known soft plastics in the world. It is 1st choice for many anglers when it comes to soft plastic. It has a unique wiggle swimming action because of the shape of the lure and the tail. The grass minnows can be used with a micro jig head, split shot rig among others, but the most effective and widely used seems to be the dropshot rig.

Give them a go, you will not be disappointed!
